Pavers

Whether it is a large or small project, Barkman Pavers offer a wide selection of options for your patio, walkway, driveway or parking space. Far from just looks, our pavers offer quality assurance through rigorous testing and the use of superior grade materials throughout the manufacturing process. We believe we have a paver for any aspiring design.

Notes: Holland pavers can be installed in a running bond or herringbone pattern with border options that can be combined with other pavers. The patterns listed below can also be used on our 8CM Holland paver. To calculate soldier course, multiply lineal footage by .7; this will indicate the square footage of Holland required. To calculate sailor course, multiply lineal footage by .35, this will indicate the square footage of Holland required. A \$25.00 returnable pallet fee will be charged to any bundle of Holland. Contact your local Barkman sales representative for further details. Custom order minimum quantity is 1000 sq ft per size.

Pavers

Paver Material Requirements

1) EXCAVATION DEPTH

MATERIAL	FOR PEDESTRIAN TRAFFIC		FOR LIGHT VEHICULAR TRAFFIC	
	MM	IN	MM	IN
Pavers	60	2.36	60	2.36
Sand	25.4	1	25.4	1
Gravel Base	102–152	4–6	203–305	8–12
Total Excavation Depth	178–229	7–9	279–381	11–15

Gravel base: Use minimum depths in a well-drained area or undisturbed soil. Use maximum depths in poorly drained area or distributed soil. 0.5" less is required to compensate compacting of pavers. If soil is saturated more than 50% of the time, filter fabric and extra base should be used.

When installing thicker pavers (Broadway 100mm, Boardwalk, Navarro, Holland 8CM, Cobble, Mesa Flagstone) add 0.75" to 1.625" total excavation depth. Note that not all 60mm pavers are suitable for vehicular traffic (see page 39).

2) BASE MATERIAL

Granular Base

WIDTH				LENGTH		BASE DEPTH		MATERIAL REQUIRED	
m	x	m	x	$m \div .3048$	\div	.6858	=	m^3	
ft	x	ft	x	$ft \div 12$	\div	27	=	cu yd	

Bedding Sand

WIDTH				LENGTH		MATERIAL REQUIRED	
m	x	m	x	.0255	=	m^3	
ft	x	ft	x	0.0031	=	cu yd	

3) EDGING

Edging

LENGTH OF EDGE				SNAP EDGE	
m	\div	2.4384	=	No. of Pieces	
ft	\div	8	=	No. of Pieces	

Spikes

LENGTH OF EDGE				SPIKES	
m	\div	3.2808	=	No. of Spikes	
ft	x	1	=	No. of Spikes	

Slabs

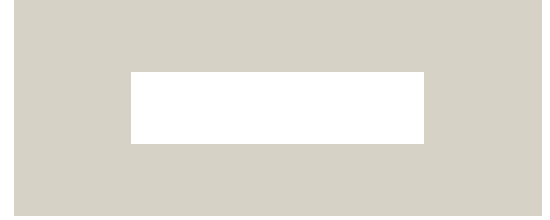

From the rustic wood grains of Bridgewood to the bold colours and textures of Lexington, Barkman offers a wide variety of slabs to suit any architectural style.

Cedar Brown	114278	114280	114282
Weathered Grey	114277	114279	114281

Notes: Available to order in full pallets. Bridgewood should incorporate a 1/8" to 1/4" gap between each plank. Plank thicknesses will vary; this is intentional to replicate real planks. Can be laid with all three sizes, or a selection of one or two at any size in a running bond pattern. To achieve the most desired look, Bridgewood is intended to be laid in all three sizes with a 1:1:1 ratio. To calculate number of pieces, Area / 5.17 = how many pieces required. A \$25.00 returnable pallet fee will be charged to any bundle of Bridgewood.

PATTERNS

Pieces per 100 sq. ft.

20 pieces: 17 x 10 = 23% of total area

20 pieces: 24 x 10 = 31% of total area

Antique Brown	103853	103852	104248
Sierra Grey	103963	103964	104263

Notes: To calculate pieces required, multiply the wall length, in feet, by 1.72. This will give you the number of pieces required per layer. Then multiply this by the number of layers to determine total quantity required. Please note that 1.72 is the multiplier used for both the standard and coping units. It's recommended to go a maximum of 2' height. Minimum inside diameter of 42" (23 pieces). A \$25.00 returnable pallet fee will be charged to any bundle of StackStone.

Notes: To calculate pieces required for standard units, multiply the length of wall, in feet, by 1.5 for the number of pieces per row. Then multiply number of rows for amount of standard pieces. To calculate coping pieces required, multiply the length of wall, in feet, by 1.6 for amount of coping pieces required. 2 out of 12 coping pieces is an end piece. Each bundle of 60 standard has 60 tapered units (30 left and 30 right). Use all lefts and rights on alternate rows. Minimum inside diameter of 192". For coping pieces, half the bundle will have a radius on one side, and the other half will have the opposite radius. A \$25.00 returnable pallet fee will be charged to any bundle of Pisa2.

Notes: Polished Granular Countertops have an exposed aggregate and smooth finish. *A gas fitter is required to install the BBQ Grill Natural Gas. Colours may vary between various components. Extended Countertops only work in configurations with other Extended Countertops. When ordering the Extended Countertop, determine Left or Right unit by imagining standing behind the bar counter looking out towards the extended countertop section. Example: looking to the right side would entail ordering a right unit Extended Countertop.

Site Furnishings

Notes: 60" and 72" platform available upon request. Contact Barkman for quote. Fractional widths are available; these will be charged to the next foot. It is manufactured in three pieces. The steps and platform are in one section and the sides are separate. Surface of the steps, platform and the sides of brackets are a "broom finish". Each riser is 7.25" high, first riser is 10.25", tread depth is 11". Holes will need to be drilled to attach rails (fasteners not included). These steps are ordered on a custom basis for Winnipeg only. Angled platforms available. Subject to truck accessibility.

Pallet Return Guide

Returnable Pallet

- ✓ Missing board, but stringers are still intact. ✓ Broken board, but stringers are intact.

Unreturnable Pallet

- ✗ Stringers have broken ends. ✗ Stringer is broken.

Notes: Only pallets with “Barkman” painted on the side will be received by Barkman. Other brand pallets or pallets without the “Barkman” paint will not be received and no credit will be issued. Barkman will only charge for pallets with the “Barkman” name on the side. Barkman will receive and credit in full returnable Barkman pallets that are in acceptable condition. Barkman works diligently to ensure no broken pallets leave our yard to your location. Should an “unacceptable” pallet be brought to your yard by delivery, please document it before being unloaded and inform Barkman immediately. This will ensure Barkman does not improperly invoice you for faulty product. Contact your nearest drop off yard before drop off to ensure the best possible service.

Important Information

The Environment

At Barkman we are committed to being good stewards of the planet. Not only are our products excellent choices for people concerned about the environment, we employ “environmental best practices” throughout our manufacturing and operations whenever possible.

Lifetime Warranty

All Barkman residential products are warranted against manufacturing defects for as long as you own your home. Should your Barkman product experience damage due to a manufacturing defect, Barkman will cheerfully replace the damaged product free of charge (proof of purchase is required). Colour matching cannot be guaranteed and installation labor is not included. This warranty does not include splitting, chipping, cracking or other damage that may be caused by impact, abrasion, overloading or improper installation. Refer to icpi.org for proper installation.

Efflorescence is not a manufacturer's defect and as such, is not covered under Barkman's product warranty.

Stainless Steel products in the Harvest Grove Collection are supplied by Sunstone™ Stainless Steel Grills. Warranty issues on all products supplied by Sunstone™ must be dealt directly with Sunstone™ at: sunstonemetalproducts.com/warranty. Warranty issues on the Napoleon BBQ Grill must be dealt directly with Napoleon Grills at: napoleongrills.com/support/warranty-information

Quality and Support Pledge

All Barkman products are guaranteed to meet or exceed the Canadian Standards Association (CSA) standards. We use only superior grade materials and employ stringent quality control measures throughout the manufacturing process to ensure a quality product every time. We also support our products with one of the industry's largest network of dealers and contractors. When you need us, we'll be there to help.

Important – actual colours may vary. Every effort has been made to ensure accuracy in the colour representations found in our product catalogues. However, due to the natural characteristics of concrete, the manufacturing process and print reproduction, actual colours in the final product may vary from that shown.

How to Order

Ordering Barkman products is as simple as calling or visiting one of our many dealers or contractors. Please be ready to specify product style and colour choice if required.

If working directly with a contractor, please be sure to specify Barkman products to ensure Barkman quality. For Winnipeg customers requiring steps, please contact our Winnipeg office directly.

Installation and Project Estimation Support

Barkman provides easy-to-read installation guides that contain simple step-by-step instructions to help make installation a snap. Visit BarkmanConcrete.com to download a copy. Our website also features a handy product calculator that allows you to easily calculate the quantity of Barkman material and accessories.
